Dear  
Dr. Lattuga,

It's been a year since my surgery and I can't begin to tell you how my life has started to change. I'm sure you hear it often, but the words "Thank you" just don't seem like enough to convey how grateful I am for all you've done for me over the past 3 yrs. I know I was very resistant to the surgery and probably gave you a hard way to go about it " but I am glad I did it. I will have a much better future because of you! I hope you enjoy this small token of my appreciation. It's meant to remind you that you've changed a life for the better. I will miss you!

...to say a big Thank You!

Wishing you all the Best in life and a long future of making life better with those blessed hands! And always keep the "music" on ☺

All the Best,

Nira
