

Dear Dr. Latuga,

5/12/2011
A.D.

Thank you for helping your
two NYPD patients.

You are a standup man of God -
and the Joy of the Lord is
your strength.

Much Love to you and your
Family. In Christ Jesus,
Lt. Christian Esannason
SGT. Lisa Stepton-Howard

May 10, 2011

Dear Dr. Lattuga,

People are always quick to complain but I am writing this letter to you to commend your employees Lorraine and Louisa.

I have been a patient at your office for over three years and two spine surgeries. Due to my recent spine surgery I had to call your office several times before surgery and after surgery. I have had the pleasure to speak to Lorraine and Louisa on many occasions; every time either Lorraine or Louisa answers the phone they have a cheerful voice. When you speak to Lorraine she is kind understanding and patient no matter how big or small the problem or question might be. There are many times I need to ask a question that medical needs to answer and I am confident when Lorraine or Louisa take the call she will follow up and get back to me or have the right person call me back.

I would also like to thank you and the gift god has given you for putting my spine back together and a special thanks to Mike for all the years of listening to me complain and always having a comforting word and always making me feel better by the time I leave the office. I also would like to tell you how comforting and caring Jake was when I was admitted to the emergency room and the excellent care he gave me throughout my hospital stay and my recovery.

With Love and respect,

Linda Scudieri
