

*"You are like a gentle light,
casting out darkness, warming
hearts, & illuminating the fact
that one caring person can
still make a difference in this
world."*

*Your time,
Your kindness,
As well as your
Generous Spirit
Are deeply
Appreciated*

*I'm sure you hear it all the
time considering the kind of
person you are, still I don't
know how to express
myself without simply
saying, "Thank You
Again."*

*For all the kind things you
say & do, May the joy you
give others be returned to
you, Dr. Lattuga.*

*Sincerely,
Val*
